THE APPENDICES

Making the motion picture trilogy of *The Hobbit* is a unique possibility for director Peter Jackson to return to the world of Middle-Earth he created with *The Lord of the Rings* film trilogy.

Again, a video diarist documented the entire period of principal photography. Hours of interviews were conducted specifically for this Blu-Ray, and encompass every department that had a hand in these films. Everyone - cast, crew, Weta Workshop and Digital - contributed their time, resources, treasures and memories to this Blu-Ray.

This Blu-Ray presents a brand-new film experience that once again goes further and deeper into the mystery and adventure of Middle-Earth.
